

October 2017

STATE OWNER NEWSLETTER

We want to extend our thoughts and prayers for our people in Florida, Texas and the East coast affected by the hurricanes this fall. We hope things are moving forward for you and your cities. Having lived through the Teton Dam Flood, I understand how devastating flood water can be.

NEW AT THE OFFICE

We want to thank Ian Gundry for his 4+ years of work at Heaven's Best. He is engaged and moving on with his life, and we wish him all the best. Greg Harston is our new guy at the office. He has good computer skills and will be helping in the warehouse with Bill. We are excited and thankful to have him.

EZ NET TOOLS

Hopefully all of you state owners received the email from Bruce about the EZ NET fees and what is happening as of October 1st with Google going to secure sites. If you did not receive this email, contact Linda and she will see that you get a copy.

STATE OF THE BUSINESS

We are still working on the sale of the business and are in the middle of negotiations, it is a process that takes weeks/months of communicating. We hope to have news for you soon. In the meantime, work here at the office goes on without Cody. It has been a difficult year without him. We are finding our way slowly and appreciate everyone's support and patience. Cody shoes are big shoes to fill even though he wasn't a very big man in stature. We realize the forward motion of the business has not been the same, but hope it will continue in the near future. We hope to continue, and hope all of you will work to maintain the integrity of the business and to care for each other. We all have our differences but we can work together.

THANK YOU

A special THANK YOU to Adam, Holly, John, Linda, Bill, Nick and Ian for taking care of things since last year when Cody got sick and for keeping the business running as smooth as possible. Cody always said, "Life is good, keep smiling". He wants all our lives to be good and for us to keep smiling.
